Dear Mr. Welsh:

Congratulations on receiving the Professional Certified Emergency Manager certification. When the Certified Emergency Manager program was revised in March of 2011 the Professional Manager replaced the Master Manager certification. You have been converted to this new level due to your maintaining the 24 hours a year of continued education. Your continued commitment to excellence and education in the field of emergency management makes this quite an honor.

Enclosed is your certificate of achievement and accept our sincere wishes for continued success in pursuit of your career goals.

Sincerely,
