### **Bosch Training Course Completion**

Dear Pam Tucker

Recently, Rusty Welsh attended the Telex Radio Dispatch Training course in Marietta, GA - Center of Excellence.

Enclosed please find the Certification document, indicating Rusty Welsh has attended and passed the training course. I hope Columbia County Emergency and Operations Division finds this training has been beneficial for increasing your employee's technical knowledge and for making Bosch products easier to install and program. We appreciate the time that your company has invested in educating employees on Bosch products.

As part of our goal to continually improve the quality of our training and meet our customers' needs, please let me know if you have any questions or comments regarding Bosch Technical Training.

It is my hope that you will continue to use the learning opportunities offered by the Bosch Security and Communications Training Academy to improve your business.

Best Regards,

Sheree Usatynski  
Training Manager and Technical Support Project Manager – Americas  
Bosch Security Systems, Inc.
